Product Description

Thanks to the "IL MASTRO" blend, an oil is born that combines tradition and innovation, where all the aromas and flavors of native varieties such as Pendolino, Frantoio, Leccino, Moraiolo, and Rajo come together with introduced varieties like Leccio del Corno, Don Carlo, and Borgiona.

The inclusion of "new" varieties for this territory stems from the need to create a product that is increasingly aligned with diverse consumer preferences—delicate on the palate and suitable for every style of cuisine.

Characteristics

Color:

Bright green with golden reflections.

Harvest:

Harvesting takes place from the end of October to the end of November, the period during which the olives reach the optimal level of ripeness to extract all the product's aromas. The olives are processed within 12–24 hours of harvesting.
